Installing Granta CES Edupack 2013 on Windows

You can download CES Edupack 2013 from: <http://blackboard.tudelft.nl>

1. Go to Blackboard and log in. Click the **MyStudentInfo** tab. Click the **Student Resources** sub-tab. In the "TUDelft Software (TDS) section, click **Go to software**. Check I Agree with the requirements and then click the Go to Software button. In the left column, click **Software**.

2. Click the **Installation** tab. Click the icon in front of "Download CES Edupack 2013 All Editions" to download the installation file. Save it in a convenient location (your Downloads folder for example). The file is about 1 Gigabyte.

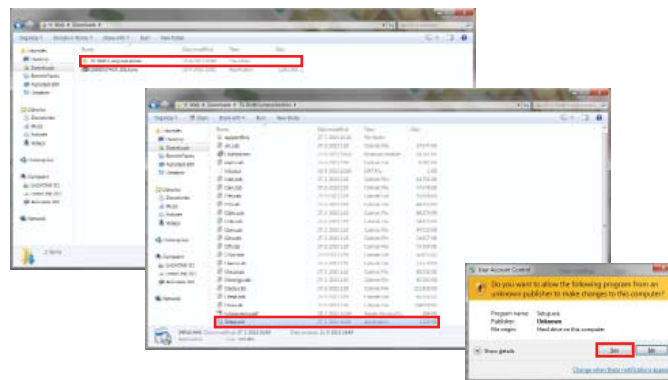

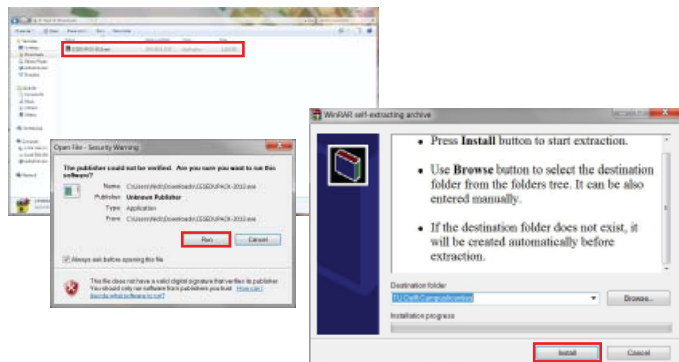

Find "CES Edupack Students" and click it.

3. Open the location where you downloaded the file. Double-click CESEDUPACK-2013. This will extract the setup files into a subfolder "TU Delft Campusclicenties". Click Install.

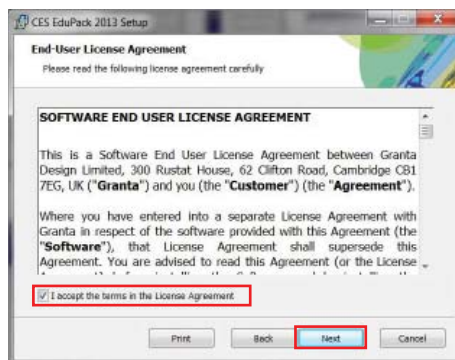

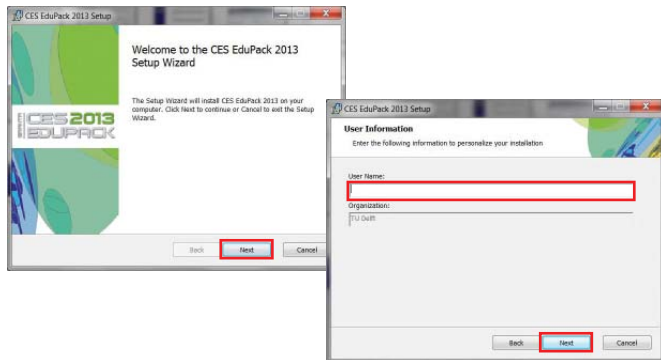

4. When the setup files have been extracted, go into the "TU Delft Campusclicenties" subfolder.

Double-click Setup.exe. You may have to confirm the execution in an User Account Control window.

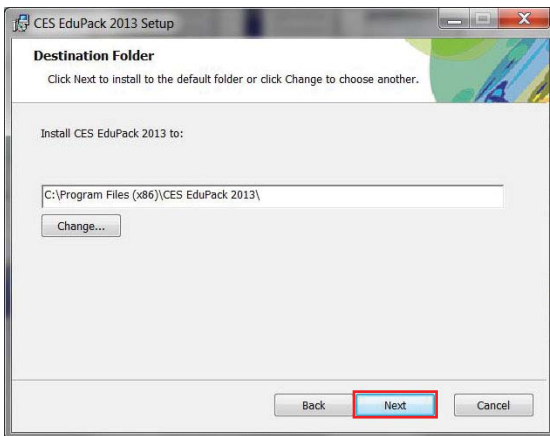

5. A Setup window displays. Click Next. Enter your name. Click Next.

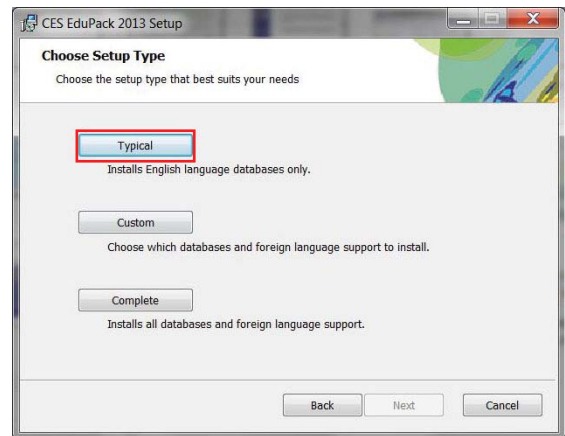

6. Read the End-User Agreement and click "I Accept the terms in the license agreement". Click Next.

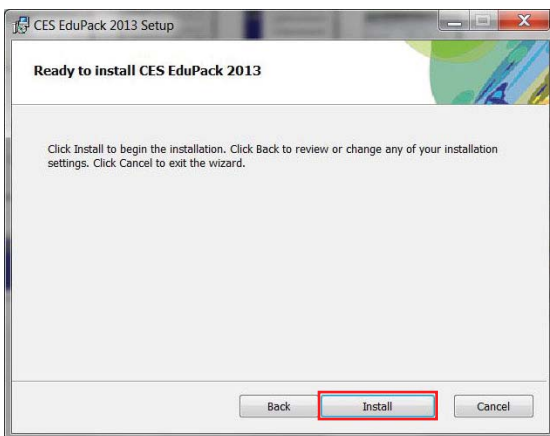

7. The default installation location is fine in most cases. Normally you want the software to be installed in your Program Files folder. Click Next.

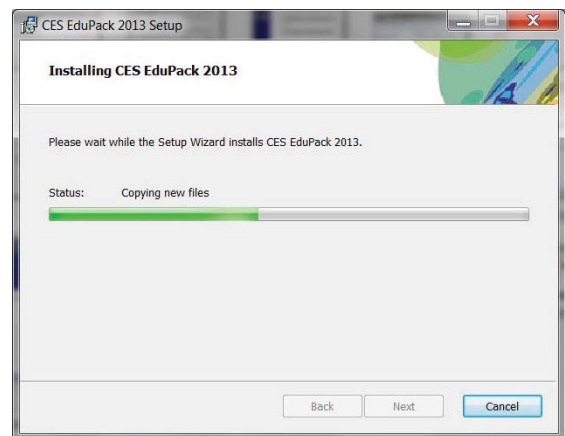

8. Select a Setup Type. Typical is recommended. Click Typical.

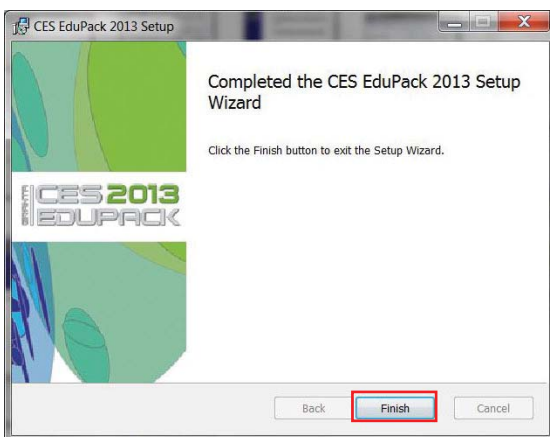

9. Click Install.

10. Setup will copy the required files to your Program Files folder. This may take a while.

11. The installation is complete. Click Finish.

12. After setup completes, you can remove both the downloaded CESEDUPACK-2013.exe file and the "TU Delft Campuslicenties" folder which was used to extract the setup files to.
