

macOS

Mudbox 2027

Software installation

For use by:	Students, Employees
Version:	1.1
Date:	29-09-2026
Owner:	@Hok

Installing Mudbox 2027 on macOS Sonoma

You can download Mudbox 2027 from <https://autodesk.com/education>

Before you begin

The following instructions are supported by TU Delft and have been tested to be working. We are offering this manual to you as an extra service. In the event you have a different configuration or version of the OS to the one described here and you have problems, we advise you to contact your nearest Student IT Desk or the ICT Service Desk..

Prerequisites

Before you can install Mudbox 2027 you need an Autodesk account that has educational access to Autodesk products. To see how to get access follow [Autodesk Educational Access guide](#).

Downloading and installing

1

Downloading and installing

Step 01: Go to <https://autodesk.com/education> and click on **Get products**.

Step 02: Click on **Sign in** in the topright corner.

Step 03: Fill in your student email address and click **NEXT**.

Step 04: Fill in your password and click **SIGN IN**.

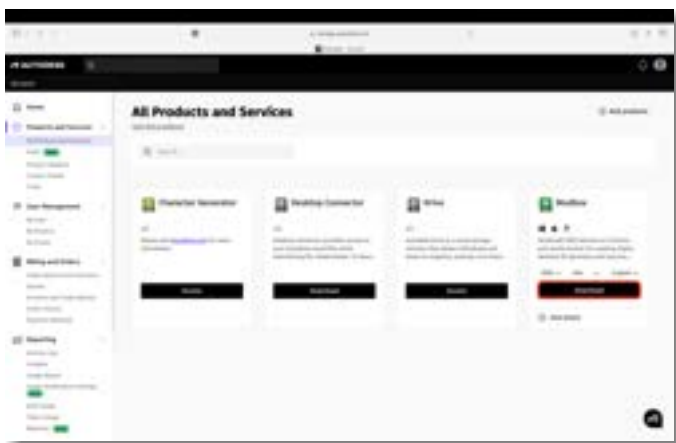

Step 05: Scroll down to Mudbox and click **Select**.

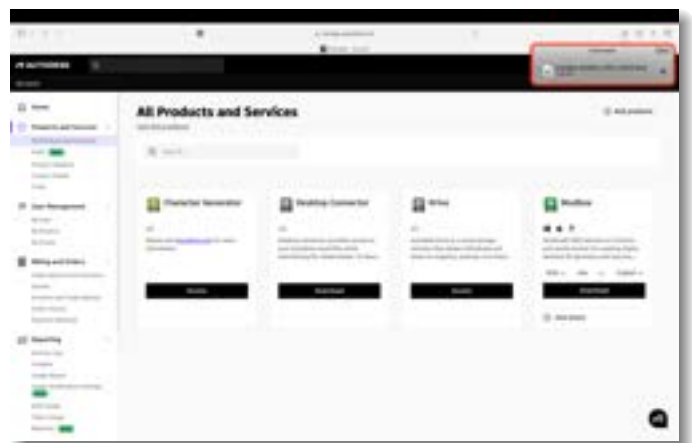

Step 06: Click **Access products**.

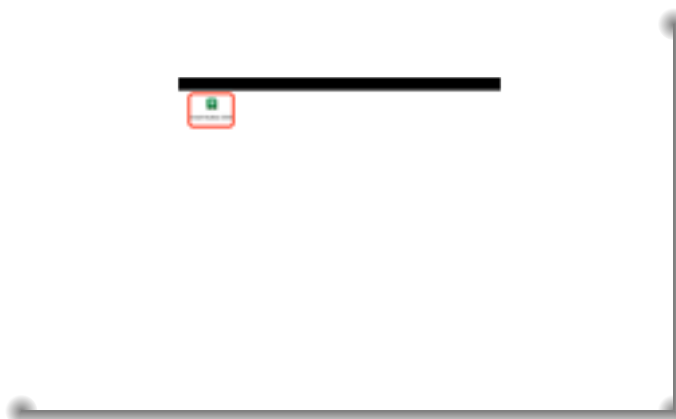

Step 07: Make sure to select 'Mac' instead of 'Windows'. Then click **Download**.

Step 08: After the download finishes open the download menu and double-click on the **.dmg** file.

Step 09: Double-click on **Install Mudbox 2027**.

Step 10: Click **Allow**.

Step 11: Click Open.

Step 12: Tick the box to accept and click Next.

Step 13: Select the desired volume to install Mudbox on and click Install.

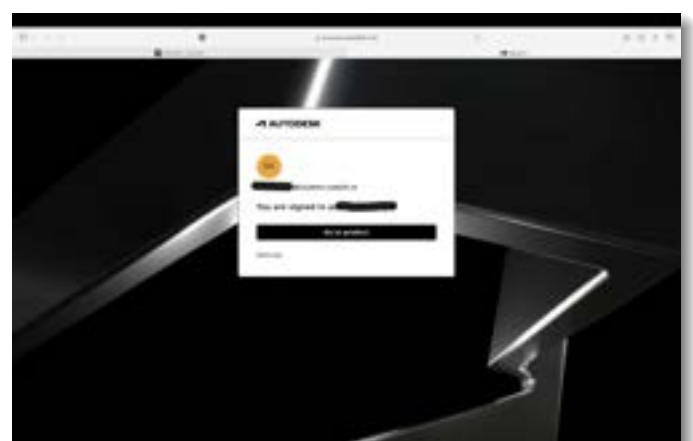

Step 14: Click Finish.

Step 15: Sign in with your Autodesk ID. This will send you to the website.

Step 16: Sign in if you are not signed in automatically. Then click Go to product.

The screenshot shows the 'Mudbox Setup' window. It has a dark gray background with white text. At the top, there are three colored circles (red, yellow, green) on the left and the title 'Mudbox Setup' in the center. The window is divided into three sections: 1. 'Language' section: It asks 'What language should the Mudbox Interface use?' and 'What language do you prefer for the help?'. Both questions have a dropdown menu with 'English (United States)' selected. To the left of the first question is a globe icon. 2. 'Interaction Mode' section: It asks 'Set my mouse and keyboard interaction to'. The dropdown menu shows 'Mudbox' selected. To the left is an icon of a mouse and keyboard. 3. 'Working Files' section: It asks 'Please specify a folder in which Mudbox can store its working data files. For best performance, put the folder on a local drive where you have a lot of disk space.' The text box contains the path 'admin/Library/Application Support/Autodesk/Mudbox 2025'. To the left is an icon of a folder. At the bottom right, there is a 'OK' button.
